This paragraph appears in the annual report of the Royal Bank. "Judgment in the bank's favor. It was given by the Privy Council in January last in the suit brought against the bank by the Alberta Government. The judgment upheld the bank's contention. The whole matter has been adjusted with the Government and no loss has resulted to the bank."

This is very satisfactory to the shareholders of the Royal Bank. But the money which that institution advanced to the A. & G. W. company, and which, as a result of the attempt at confiscation on the part of the Sifton Government, was absolutely wasted, must have been lost by somebody.

Mr. W. R. Clarke has declared short.

that he came out of the affair two million dollars to the good. It is too much to assume that Mr. McArthur is taking up the enterprise in any spirit of philanthropy. Who, then, is meeting all these losses, if not the Province of Alberta? Every effort that has been made up to the present to discover just what they amount to has been balked by the government. But some day we shall have the whole story.

In the meanwhile, how is it possible to credit the statements of Mr. Sifton and his colleagues that the settlement of the matter has been effected without impairment of the public finances? Either directly or indirectly the Province is paying the whole

## QUEBEC SCANDAL LEADS TO FIGHT AFTER ENQUIRY.

Quebec, Feb. 7.—Sensation succeeded sensation Thursday night, the climax coming when Charles Lanctot, deputy attorney-general of the province, and right-hand man of Premier Gouin, struck and scratched Brenton A. MacNab, editor of the Montreal Mail, in the face just as the latter was coming out of the committee room. Mr. MacNab could not see very well, as his glasses were knocked off, but he managed to get a grip on his assailant's throat and alarm him up against the wall. Luckily, perhaps, for Mr. Lanctot, Mr. Lavergne and others succeeded in pulling the newspaperman off and the incident closed, though for a second or two it looked very much as though there would be a free fight, so much feeling has developed in the opposing camps.

Mr. MacNab has some slight marks where he was struck. The first blow landed near the left temple, but was nothing serious, though the ring that Mr. Lanctot was wearing knocked off a small piece of skin. There were also some scratches on the chin where the government official apparently clawed him with his finger nails.

The row arose out of the fact that the name of Mr. Lanctot was mentioned in the committee as being one of the men to whom Mouscou said he would give money. Mr. Lanctot denied this, and was evidently still smarting under the imputation when he saw MacNab, whom he seems to have sought out deliberately.

When asked for a statement after the incident, he said he had nothing to say.  
"I was coming out of the private bills committee room when I noticed someone peering at me on my left. I looked again, saw that it was Mr. Lanctot, and nodded to him. He then stuck his face in mine and said: 'You know I didn't take that money.'"  
"I replied: 'I personally never said that you did.'"

"Upon that he struck me on the left cheek, leaving a small mark. In doing this he knocked my glasses off. Without them I can hardly see, but I groped around until I had him by the throat, gave him a good twist and banged him up against the wall. Then the others pulled me off. I consider the matter of so little importance that I will not even do as I should and take the affair into court."

Mr. Lanctot is a dapper, little man, and the general impression is that if Mr. MacNab had been allowed to hold him a few seconds longer there would not have been much left of him.

## WANTS TO ABOLISH THE DEATH PENALTY.

Ottawa, Feb. 7.—Robert Bickerdike, member for St. Lawrence division, Montreal, expects to move the second reading, next Thursday, of his bill to abolish capital punishment. On that occasion Mr. Bickerdike will explain to the house his reasons for the introduction of this humanitarian measure. Mr. Bickerdike is very sincere in his opposition to the death penalty; should

be done away with. He believes that neither from a punitive nor preventative standpoint it is justified, and considers that it is a survival of barbaric times.

"I am prepared," he said, "to give to the house fifty instances in good old England where men condemned to death and hanged were afterwards found to be innocent."

"The Bickerdikes are all fairly strong on this question," he continued with a smile, "my people came from the town of York, and one of our ancestors was a martyr. He was hanged, drawn and quartered. It was not, as might have been expected from a York shireman of these days, for horse stealing. It was, strangely enough, because he refused to turn Protestant."

There is bound to be an interesting discussion in the house of commons on Mr. Bickerdike's bill, and there will not be lacking among the debaters many who are firmly of the opinion held by the member for St. Lawrence division. There will also be plenty who uphold the old Mosiac law of a "life for a life."

## DOMINION GOVERNMENT CALLED FOR ACTION

London, Feb. 7.—Commenting on a statement of R. J. McLaughlin, K.C., chairman of the committee of creditors appointed by the court in Toronto to deal with the affairs of the Imperial Loan & Investment Company, the Financial News says that the position from the point of view of the British debenture holders is developing into nothing short of a scandal of the first magnitude and the Dominion government in its own interests ought really to take some steps in the affair.

We understand, says the News, that as a matter of fact, the late Lord Strathcona expressed his regret as being unable to do anything, but the Dominion itself might surely deal with the matter by means of an effort to obtain some satisfaction for those people who have lost money in this affair and who are consequently greatly incensed at having been "let down" by the stamp which is almost unique in Canadian financial history. Just because it is so unique it was calculated to do so much damage at a critical moment, the need for the intervention of the Dominion government is all the more necessary.

## BONDS SOLD FOR CANADIAN NORTHERN WESTERN RAILWAY.

With reference to the recent despatch from London, Eng., stating that Canadian Northern four and a half per cent. bonds for \$1,350,000 or \$6,750,000, are being underwritten, the issue being guaranteed by the Province of Alberta, it is believed locally that this issue refers to the Canadian Northern Western Railway. A number of railways proposed by this company have been guaranteed by the province, including the following lines:

From Oliver northeast to St. Paul de Metis.  
From Bruderheim, via Vermilion, Wainwright and Medicine Hat to the international boundary, with a branch northeast of Vermilion to eastern boundary.  
From Camrose to Alaska.  
From Calgary northwest to Brazeau line.  
From Strathcona, southwest via Cochrane, to Pincher Creek.  
From Athabasca, north to Lesser Slave Lake, to Peace River Crossing.

The proceeds of the issue will be deposited to the credit of the province and paid out as the work proceeds. It is altogether likely that construction work on most of the above lines will be carried out this year.

## GERMAN BARK SINKS WITH HER CREW IN ENGLISH CHANNEL.

Falmouth, Eng., Feb. 1.—Captain Lorenza, the first officer, and 17 of the crew of the German bark, Herta, from Pisagua, Chile, for Plymouth, lost their lives today through the vessel striking a rock as she had almost concluded her voyage. The remaining five men were saved through the gallantry of the first officer, who, realizing his end was near, sounded his whistle to a comrade with orders to blow it. This attracted the attention of the crew of a lifeboat, who rescued the men from the rigging.

The Herta encountered a gale in the channel. She lost her course and struck on the rocks near Port Hallmouth. The vessel immediately filled and the men took to the boats, which, capsize, kept on getting back to the ship, but they were washed on before the lifeboat arrived.

The first officer, who was lashed to the rigging, blew his whistle until the rising tide almost engulfed him. Then he passed it over with the remark: "Here, chum, you can do better with that than I can," and fell back dead.

## BRITAIN IMPORTS 40 PER CENT. OF HER MEAT.

Ottawa, Feb. 1.—J. C. Ray, Canadian trade commissioner at Birmingham, in a report to the department of trade and commerce, says that a comprehensive survey of the meat supplies of the United Kingdom during 1913 has just been issued by the well-known house of Weddell & Co., London.

An analysis of their statistics reveals an import of 444,904 tons of beef last year, while the home supply amounted to 700,300 tons. There arrived at various ports of the United Kingdom 266,932 tons of mutton and lamb and the home flocks furnished 236,000 tons in addition. The home production of beef, mutton and lamb was 59.96 per cent. of the aggregate. An important factor in the meat imports of the United Kingdom, and one that will in future exercise much influence on the quantities and prices is the decline of supplies from the United States attributable to the enormous growth of that country's consumptive capacity. In 1907 purchases from the United States amounted to 231,599 tons; last year they fell to 3,316 tons.

It is believed that the operations of United States capital will considerably influence prices. As a proof of this, it is reported that of the 380,062 tons of chilled and frozen beef imported from the river Platte last year, 50.6 per cent. was exported by two American companies.

Commenting on the declining imports of the chilled beef from Canada, Messrs. Weddell & Co. state: "What little hope there was of receipts from this source attaining some degree of importance has been dissipated by the opening of the United States market for the free importation of meat and cattle, as a result of which large numbers of live stock have been taken across the American border. In 1913 only 298 tons were received in this country from Canada against 583 tons in 1912."

## MANTEL OF SNOW COVERS CHICAGO

Chicago, Ill., Feb. 1.—Chicago was buried under a 12-inch mantle of snow when business attempted to start Saturday and snow was still falling unabated. Although the official figures have the fall for the night as one foot, drifts were six feet deep and all local transportation was crippled as were the telegraph and telephone services.

The weathered predicted that the snowfall would continue throughout today and probably tonight, but without extreme cold. The temperature here has remained above freezing and there has been less suffering than might have been expected from the first real snowstorm of the winter.

## WILL RAISE THE TITANIC BY MAGNETIC ATTRACTION

Denver, Feb. 1.—Charles A. Smith, a local architect, has completed plans by which he asserts he will raise the Titanic from its ocean bed and recover the bodies of those buried with the ship. For months, Mr. Smith has been drawing plans for submarine boats, scows, and other apparatus, to be used in bringing the Titanic to the surface.

His idea is to lower a submarine by means of a steel cable. The submarine will be attached to a ship on the surface and communication is to be had by means of a telephone. The submarine is to be operated by electricity, furnished through cables from the ship above, and it is to be constructed so as to withstand the heavy pressure of the ocean depths.

As the submarine is lowered to the bottom, powerful electric magnets will be attached to the bow. Light steel cables are to be attached to the magnets. When the Titanic is found, Mr. Smith says, the submarine will push the magnets against the side of the wrecked ship and then the wreck will be lifted by electric power.

## HANS SCHMIDT FOUND GUILTY OF MURDER

New York, Feb. 7.—Hans Schmidt was found guilty of murder in the first degree for killing Anna Amundler, a young woman he had married through a self-performed ceremony while acting as a priest at St. Joseph's church. The penalty of the crime is death in the electric chair. He will be sentenced next Wednesday. Schmidt's defence was insanity.

## JUDICIAL SALE OF FARM LANDS NEAR RIMBEY, ALBERTA.

Pursuant to judgment and final order for sale, there will be offered for sale at the Post Office in the Village of Rimbey, in the Province of Alberta, by Joseph Marshall, Esq., with the approval of a Judge of the Supreme Court of Alberta, on

**SATURDAY, 28th FEBRUARY, 1914, AT 2 O'CLOCK, AFTERNOON.**  
The south-west Quarter of Section Twenty-Seven (27), Township Forty-Two (42), Range Two (2), west of the Fifth Meridian, and the north-west Quarter of Section Twenty-Two (22), Township Forty-Two (42), Range Two (2), west of the Fifth Meridian.

The land is situated 35 miles from Lacombe Railway station, one mile from the Village and Post Office of Rimbey, 1 1/2 miles from a school.  
The soil is a black loam, averaging two feet, and the sub-soil clay. About 35 acres are broken. There is no wooded or hay land, an additional 50 acres could be broken, and there are 235 acres of slough.

The land is fenced for 1 mile with two strands of barbed wire. The buildings are—Dwelling house 14x18 feet, stable and a granary 12x20 feet, all in poor repair.

A good supply of water is obtained from a spring.  
The property is offered for sale subject to a reserve bid, which has been fixed by a judge.  
The purchaser is required to pay a deposit of ten per cent. of the purchase price to the Vendor's Solicitors at the time of the sale, and the balance within sixty days thereafter, without interest, into court to the credit of this action.

In all other respects the terms and conditions of sale will be the standing conditions of Sale of the Supreme Court of Alberta.  
Further particulars can be obtained from

The W.C.T.U. sleighing party of fifty was entertained at the hospitable home of Mr. and Mrs. I. O. Coverdale on the evening of February 3rd. Delightful music was furnished, and interesting games which, with delicious refreshments, made the evening one of much pleasure.

Mr. and Mrs. M. B. McDonald entertained at "Five Hundred" on Monday evening. Mrs. A. Stanley Stewart won first prize for ladies, and C. R. Denike first for gentlemen. The booby prizes were awarded to Miss Hinkley and Mr. Peters. Everyone had a delightful time.

"The Stranger Within Our Gates" is the subject for a lantern lecture which will be given next Monday evening, 16th inst., in the Methodist church. The slides have been brought from Toronto by Rev. E. H. Winfield, of Bentley, who will show the pictures. Rev. E. T. Scragg will give the lecture, explaining them, which announcement insures an enjoyable evening for all who attend. Admission 10c.

A carnival is being arranged for at the rink on "Shrove" Tuesday (24th). Full particulars in next week's paper and on posters.

LECTURE ON PALESTINE. On Thursday, the 19th, the Rev. O. Creighton, M.A., will lecture on the Holy Land in St. Cyprian's Church. The lecture will be illustrated by 70 beautiful photographs of Jerusalem and the surrounding country.

As Mr. Creighton has ridden all through the country, the lecture will be very interesting. Instead of the charge of 25c for adults and 10c for children, a collection will be taken up, and it is hoped similar amounts will be contributed in that way. The lecture will be at 8 p.m.

LACOMBE EXHIBITION AUGUST 25-26-27

Profiting by experience of the past few years, Lacombe Agricultural Society has decided to hold their exhibition during the summer months, and this year the dates selected are August 25-26-27. At the meeting of the Alberta Fair Association held in Calgary last week, Capt. Evans was delegate from Lacombe, and as slight indication of the esteem in which he is held in this association, was elected vice-president for 1914. E. L. Richardson was elected president.

### AGRICULTURAL MATTERS

On Saturday last some 20 of the delegates of the Alberta Fair Association accepted the invitation of Hon. Duncan Marshall to stop off between trains on their way north and inspect the Demonstration Farm and School at Olds, special privileges having been granted by the C.P.R. for this.

Mr. Marshall met and personally conducted the party all over the farm, after which a splendid luncheon was partaken of, prepared entirely by the lady students. Following this an address was given by Mr. Galbraith, who had as his model, his reserve champion Clydesdale stallion from the International Stock Show, Chicago. Mr. Craig then addresses the party and students on beef cattle, having J. D. McGregor's steer Glenkarlock Victor II. for his model, this being followed by Mr. Marshall himself with three beautiful heifers that had been bred on the farms, of the dairy type, as his models.

The party then, amidst many expressions of satisfaction and pleasure at what they had seen, resumed their journey homeward.

The same privilege was extended to southern delegates to drop off at Claresholm, and this opportunity was seized by quite a number.

### THE LACOMBE INSURANCE COMPANY.

The insurance written by Lacombe Farmers' Mutual Fire Insurance Co. is still increasing, the amount of policies now on file amounting to over \$181,000, and the way that letters are arriving from those interested in the proposition in all parts of the Province is most gratifying.

Our object is to do a good clean business that will be profitable to the farmers, and we are glad to say that the farmers are appreciating the stand which we have taken, also that the secretaries and officers of the U.F.A. local throughout the Province are becoming interested, some being instructed by their local union to write us for particulars and asking that an agent may be appointed to the board, and so on.

All farmers wishing insurance should interview our manager before insuring elsewhere. The directors of the company meet on the last Saturday of each month. All applications are then presented to the board, and if they are issued which are not passed by the directors, and the directors are taking every precaution to get none but good business. S. C. HARTLEY, Manager.

### ST. CYPRIAN'S MEN'S INSTITUTE.

The above institution was opened on Wednesday, Feb. 4th. The Rev. A. J. Patstone briefly explained the objects of the institute in introducing Mayor McLeod. The days were gone, he said, when it was necessary to explain the connection between social and religious life. Man's nature was three-fold—spiritual, intellectual and material—and Christianity is for the whole man. The institute it was hoped would supply a real want in the life of the town.

Mayor McLeod, in a very appropriate speech, congratulated the committee on the excellent start they had made, and felt sure that their efforts to supply what had been a very long-felt want would be successful. With a paragon a lawyer, and a policeman interested in it, the young men should be well cared for.

At the conclusion of his address he was tendered a hearty vote of thanks. A whist drive was then proceeded with, much to the enjoyment of all and especially by those who received the prizes. A plentiful supply of coffee and cakes warmed off any feeling of dryness.

The institute is now open every evening except Sunday.

### SOCIAL DANCE.

The first social dance to be given by the Rex orchestra will be held in Boode's Hall on Friday, February 20. The Rex orchestra is one of the best musical organizations in Alberta, and the music furnished by them is in itself enough to please the most fastidious. The hall is being put in the best of shape, and everything will be up-to-date. The admission has been placed at \$1.00, including supper, ladies free. So come along and bring your friends and enjoy the best dance of the season.

### WHAT ABOUT THE TARIFF EFFECT ON PRICE OF BACON.

The Morning Albertan's (Calgary) editorial writer is some authority on economic affairs, all right.

In the same issue that appears a news story to the effect that the United States is raising just sufficient stock to supply it with meat, the information is also given that Britain is importing 40

per cent. of its supply. Then on the editorial page the expert economist for the paper that preaches free foodstuffs tells us that no less than 27,000 pounds of bacon were imported into Calgary alone from Kansas City, and that the consumers in this city paid \$640 duty on it.

Under ordinary conditions, about 15c. a pound would perhaps be considered a fair price for bacon, but, in view of the scant production, it can probably be assumed that the Calgary consumer paid from 28c. to 30c. a pound for the commodity.

This excessive price of bacon, it is inferred by the Albertan's expert, is due to the terrible tariff. Wipe out the tariff on foodstuffs, says Sir Wilfrid and his supporters, and we would have cheap living. And suppose we wipe out this enormous amount which the Albertan tells us has been paid on 27,000 pounds of bacon which came to Calgary. Yes, let us take off the tariff altogether, and from this bacon we have taken 2c. per lb.; brought the price down by so doing from 28-30c. per lb. to 26-28c. per lb. As 15c. a lb. is a fair price for this bacon, and as it would be costing nearly a hundred per cent. more than that after the tariff was completely eliminated, it will be seen just where the Albertan expert gets off when he blames the tariff for the high price.

Suppose, however, instead of wiping out this tariff, we leave it just as it is. Let the Canadian stockman first supply the Canadian market, and if he does so, there will be neither duty nor high freight charges on bacon; when that is supplied, why not send the balance to Britain to help make up that 40 per cent. which they are short over there? In the meantime, as the U. S. is just producing about enough meat to supply the demands of its own people, who are shouting about the high cost of living, why not leave the American supply for the American people, instead of sending it to Britain and to Canada, including Calgary, paying high freight charges and duty, and selling it at prices a hundred per cent. higher than they should be?

Under present conditions, it looks to us as if the Canadian stock raiser is selling a good deal of live stock to the American dealer; this dealer selling it to the American packer, and this packer sending it back to the Dominion. The union entirely good business for the railways, favors the movement of boys' scouts.

## Lacombe District News

### Spring Valley News

The heavy snow has put an end to skating in the district, and seemingly to many other things. The dance held at F. Randall's, under the auspices of the Chigwell football team, was well attended and went off very successfully.

A greatly enjoyed concert was given recently at the school house by the members of the Methodist church choir of Lacombe.

Some unknown miscreant has lately been shooting at the house windows for shooting targets, the result being a superfluity of ventilating space.

We are glad to report that Emery Morter, who has been suffering from a severe attack of pneumonia, is well on the road to recovery.

Mrs. B. F. Butcher, of Fairview, is a visitor at Mrs. Morter's.

J. B. Barrett has rented the McLean place adjacent to Chigwell, and will shortly be leaving the valley.

### Clive News Notes

Mr. and Mrs. Fisher's 10-year-old son, who was operated on a short time ago for appendicitis, has had to return to the Lacombe hospital for another operation.

B. F. Allison has returned from a visit to Edmonton.

Mrs. Albert Wakeman, with her son and daughter, has returned from a visit to her parents, Mr. and Mrs. Woodford, of Coronation. Her sister, Miss Woodford, accompanied her to visit in Clive.

Mrs. Sid A. Gill and little son Arnold, of Delburne, arrived recently on a visit to her parents, Mr. and Mrs. J. T. Reynolds.

Mr. and Mrs. Thomas Stratton gave a select little card-party to their friends recently. A delicious supper concluded the evening.

Mr. and Mrs. B. F. Allison were guests at the Robert Butcher anniversary supper held in Clive. Mr. Allison was entrusted with the toast to the ladies.

Raymond Heath, of Tees, was a Clive visitor recently.

Mrs. Gill and Miss Eva Reynolds were Lacombe visitors a few days ago.

"GRAUSTARK" COMES FEB. 14.

The perennial favorite, "Graustark," after four years of unprecedented success, will delight lovers of romance with George Barr McCutcheon's tale of royal folk, love and beauty, on Saturday evening, Feb. 14, at the Comet Theatre.

The enthusiasm which the presentation of this great play continues to arouse demonstrates that Miss Grace Hayward's dramatization of Mr. McCutcheon's novel continues to hold the affections of old friends, besides continually creating an army of new ones.

No romance of recent years has struck a more responsive chord in the hearts of the theatre-goers, and that its worth has not been overestimated is best proved by the enormous attendance accorded this artistic creation wherever presented. It is claimed, and rightfully too, that Graustark has played to more people and reaped a greater harvest for its owners than any other dramatic offering, its continuous prosperity being accounted for by the sterling merit of the presentation, the United Play Co., its sponsors, being aware of the fact that Mr. McCutcheon's creations are worthy of a befitting cast and sumptuous stage settings, each season finding its precursor an edifice of artistic value bordering on extravagance.

This season's program brings recollections of "The Third Degree" and "The Lion and the Mouse," insofar as the Ariadne of the historic personnel is concerned, for Miss Gertrude Ritchie, whose clever work in those plays has been commended by press and public throughout the country, is the bright, particular star of Graustark, her rendition of Princess Yvette being praised and applauded beyond the anticipations of all concerned. And Miss Ritchie's personality serves her well in the trying role, her beauty, dignity and carriage being perfectly fitted to the regal robes and surroundings of the distinguished character.

This is the same big cast and production seen in Winnipeg, Calgary, Edmonton, Regina, etc.

DEAN OF ST. PAUL'S ANALYZES MODERN TREND OF THOUGHT.

London, Feb. 7.—Dean Inge, of St. Paul's cathedral, analyzing some currents of present-day thought, in a speech delivered recently, said that the current of social reform had invaded the pulpit for reasons upon which Christians which could not alto-

gether congratulate themselves. Many Christian ministers, he said, found in politics a welcome refuge from preaching dogmas which they no longer actively believed. A man must either be a saint or a humbug to preach the gospel in this unalloyed form.

Discussing Socialism, he said: "If such a system of government was ever possible, it could only be as an almost omnipotent bureaucracy controlled by the Napoleon or J. Pierpont Morgan type. These gentlemen, judging from experience, are apt to demand higher payments for their services. A nation so organized might be powerful and prosperous, but only on certain conditions. Discipline would have to be certain, repressive and very severe."

Speaking on the subject of the present revolt against pain, he said that everybody felt Christian sympathy with those who perished on the Titanic, but surely the groan of horror that arose from the whole people and the letters that were written asking how the disaster could be reconciled with the belief in a good God, was carrying humanitarianism and dread of suffering and death to an extent much too far and too unmanly.

NEW LEGISLATION FOR SEA SAFETY TO BE EFFECTED

Ottawa, Feb. 7.—Important and far-reaching legislation ratifying the terms of the international convention for the safety of life at sea, which met in London recently and at which Canada was represented by Alexander Johnston, deputy minister of marine and fisheries, will likely be introduced in parliament by Hon. J. D. Hazen in the near future.

The terms of the convention will be communicated to the house by the minister of marine February 10th. While nothing has been made public until that time, it is understood that the result of the convention will be practically world-wide legislation, providing sufficient lifeboats and rafts on all ocean-going ships, to accommodate the total number of passengers and crew, more water-tight compartments, better wireless equipment and operators constantly on duty—the slackening of speed at night, special trained crews for the handling of lifeboats and the avoidance of ice zones by southern courses.

As the great majority of the deep sea vessels operating in Canadian trade are of British register, they will be covered by the regulations laid down by the British authorities, but these will be enforced in by Canada and such subsidiary legislation enacted as is deemed necessary. In addition, it is understood that the marine department will institute new regulations governing inland and coastwise navigation with the object of greater safety for passengers and crew.

SEEKS THE REPEAL OF EXEMPTION CLAUSE.

Washington, Feb. 7.—President Wilson announces that he will endeavor to have repealed at the present session of congress that provision of the Panama Canal Act which exempts American coastwise shipping from the payment of tolls. He made his position clear to callers in unequivocal terms.

The president believed that the Hay-Panama treaty with Great Britain guarantees equality of treatment to all nations, including the United States, in the matter of tolls, and that the United States is in honor bound to charge American vessels the same tolls it imposes upon those of foreign nations. The president impressed upon his callers that he would use every legitimate influence at his disposal to have the clause eliminated from the Panama Canal Act.

This announcement was expected by administration leaders at the capital. The president's views will be carried out in the hands of his cabinet. According to Rep. Adamson, chairman of the inter-state and foreign commerce committee, who said Congress undoubtedly would act quickly.

MEDICINE HAT MAN INHALES GAS; IS DEAD—THREE OTHERS MAY DIE.

Medicine Hat, Feb. 7.—One foreigner, name unknown, is dead, and three others are dying as a result of inhaling deadly gas fumes. The men went home from work and after they had been in their shack about an hour a neighbor went in to play cards. He found one dead on the floor and three others were lying on the bed. A doctor was called, and they were removed to the hospital, but it is doubtful if they will recover.

## SUFFERED AGONY WITH NEURALGIA

Nothing Helped Her Until She  
Tried "Fruit-a-lives"

CANBERRA, N.S.W., May 20, 1913.  
"I cannot speak too highly of 'Fruit-a-lives'. For over thirty years, I have suffered from Chronic Neuralgia and Constipation, experiencing untold agony. The Neuralgia settled in my lungs and I took bottle after bottle of medicine without relief. The doctor told me I would not get better but 'Fruit-a-lives' proved that the doctor was wrong by giving me quick relief and finally and completely curing me. I would not have my present health if it was not for 'Fruit-a-lives' and I am glad of the opportunity of giving you the letter about another person's remedy as 'Fruit-a-lives' for the sufferers of other women who may be similarly affected."

Mrs. NATHAN DUNN.  
"Fruit-a-lives" is the only medicine made from fruit juices and is particularly suited to women because of its mild action and pleasant taste.  
"Fruit-a-lives" is sold by all dealers at one a box, 6 for \$2.50, trial size, 25c, or may be obtained from Fruit-a-lives Limited, Ottawa.

FEAR TROUBLE OVER NAVAL ESTIMATES.

London, Feb. 7.—Sir Edward Grey's speech at Manchester, in which the foreign secretary emphasized the impossibility of the "leading horse" slackening in the armaments race, was followed by a declaration of Herr Von Jagow, of the budget committee of the German Reichstag that a naval holiday was impossible.

The anti-armaments campaign so far as this country is concerned is now likely to fall flatter than ever. How far the so-called "suicide club" will be affected it is not possible to ascertain. There is, however, considerable nervousness in government circles. The ministers are confident that they can resist a frontal attack by the opposition on the Ulster question, but they fear flank attacks by the laborites and more extreme radicals to comprise the "suicide club" on the navy estimates while the feeling over the South African deportations may tempt the Unionists to join forces with the malcontents in the undoing of the government. As the "suicide club" is reported to number a hundred members, the secession of half this number with the laborites would place the government in danger.

STRATHCONA'S HEIR GETS BIG BEQUEST

New York, Feb. 7.—James H. Smith, of Brookline, Mass., who announced a few days ago that he intended to put in no claim for any part of the estate of his stepfather, the late Lord Strathcona, benefits by the will. The income of \$125,000 is placed in trust for him and he receives outright real estate in Pictou, N.S.

This was disclosed when the text of the will was made public by the late peer's attorney in this city. Smith was the son of Lady Strathcona by a former husband.

In regard to his bequest of \$50,000 to Yale University, Strathcona states that it is an expression of his appreciation of the benefits he gained from investments in the United States, particularly from St. Paul, Minneapolis, and Manitoba and Great Northern. The will directs that the money be used for "the promotion of the modern sciences and the instruction in the practical questions arising from the application of scientific knowledge to the industrial, social and economical problems of the time."

PEER URGES PASSAGE OF PURE FOOD LAWS.

London, Feb. 7.—Lord Camoys is urging the government to pass pure food laws like those in America. Regarding this, George Bernard Shaw writes to the newspapers:—"Lord Camoys is quite right. But the first difficulty is that many people cannot pay for pure food. It is as if they were trying to make food cheap enough for our laborers that food purveyors learned how to make it keep when it ought to be thrown out. There is something worse than impure food, and that is no food at all."

## SAYS BRITAIN LED THE WAY IN ARMAMENTS

Manchester, Eng., Feb. 7.—Sir Edward Grey, secretary of state for foreign affairs, in an interesting address before the chamber of commerce on the subject of foreign policy and armaments, admitted that Great Britain was partly responsible and open to criticism for setting an example by building the first Dreadnought. He believed, however, that at that time the idea of Dreadnoughts was in the air and they would be got into the sea in any event. Moreover, the increase in the number of Dreadnoughts, he said, was now proceeding with an out reference to British expenditure and the remarkable thing was that while an increase in one country provoked an increase in other countries, slackening in one country, even when attributed to exhaustion, failed to produce slackening in the others. He therefore feared that a reduction in Great Britain's naval estimates would not influence European building programs, and

none the less he had known beforehand and had endorsed all the suggestions made to other countries in favor of a reduction in armaments, the foreign secretary expressed the hope that the loud demands likely to be made in parliament for a reduction would not be misinterpreted abroad as an indication of weakness.

Great Britain had felt that strain the least, but he had a foreboding that the competition in armaments would eventually lead to disaster and sink the ship of European prosperity and civilization. "The foreign policy of Great Britain," said Sir Edward, "is devoted to keeping peace and order and preserving the open door for trade and commerce. This is especially difficult in dealing with other countries, slackening in one country, even when attributed to exhaustion, failed to produce slackening in the others. He therefore feared that a reduction in Great Britain's naval estimates would not influence European building programs, and

## Your Oven Gains by Our Oven Test

Your oven becomes a certain producer of more bread and better bread.

We can promise that. For from each shipment of wheat delivered at our mills we take a ten pound sample. We grind it into flour. We bake the flour into bread.

If this bread is high in quality and large in quantity, we use the shipment. Otherwise we sell it.

There is no guess-work about our promise of more bread and better bread from flour bearing this name.

## Blue Amberol Record

No musical-mechanical triumph has approached this remarkable invention of Edison. The new composition of which it is made catches and holds the natural beauty of tone of the world's greatest singers, orchestras and bands, and holds it after you have played it over 3,000 times.

The Blue Amberol is a perpetual, practically unbreakable record that reproduces in an amazing way the art of the performers. Don't miss the opportunity to hear it played at some of the Edison dealers listed below. You'll be welcome any day.

## GOVERNMENT WILL BUILD MYSTERIOUS DEATH OF EDMONTON WOMAN

Ottawa, Feb. 7.—Estimates of the minister of marine and fisheries and the minister of customs were under review in the commons. Good headway was made with the voting of the appropriations and a number of interesting ministerial statements were forth coming during the discussion.

Hon. J. D. Hazen, announced that in talking for tenders for the construction of vessels for the marine department, he insisted that they must be built in this country. This policy was partly approved by Hon. Mr. Lemieux and other members of the opposition. During consideration of the purchase of supplies, Mr. Hazen said that the government is following the same practice as that pursued by the late government. In many cities a number of firms known to be friendly to the government are asked to put in bids. He defended the practice of governments buying supplies from their friends, providing the public interest is not sacrificed.

Mr. Lemieux said that the Conservatives had, when in opposition, very strongly criticized Hon. L. P. Brodeur for just this sort of thing. Now they were vindicating him.

Do you know that more real danger lurks in a common cold than in any other of the minor ailments? The safe way is to take Chamberlain's Cough Remedy, a thoroughly reliable preparation, and rid yourself of the cold as quickly as possible. This remedy is for sale by City Pharmacy. (2)

Edmonton, Feb. 7.—Miss A. Edson, aged 30, an employee of the Great West garment factory, came to a mysterious death tonight. Shortly before midnight she was found in the snow near the street car line at the Highlands, and expired soon afterwards without making any statement. Her lips were swollen, but the police have not yet discovered whether or not she was poisoned. She has two sisters in Winnipeg residing at 557 Toronto street.

Here is a message of hope and good cheer from Mrs. C. J. Martin, Boone Mill, Va., who is the mother of eighteen children. Mrs. Martin was cured of stomach trouble and constipation by Chamberlain's Tablets, after five years of suffering, and now recommends these tablets to the public. Sold by City Pharmacy.

WINNIPEG IS BLOCKED BY HEAVY SNOWSTORM

Winnipeg, Feb. 7.—Northwest wind at 22 miles an hour swept over Manitoba today. Light, powdery snow fell all day, and the wind drifted it along, making big drifts on the city streets. Country roads were blocked in some directions. In Winnipeg several hundred of the unemployed found work shovelling snow. The temperature did not go below zero all day, and this, to a certain extent, tempered the severity of the storm. The C.P.R., C.N.R. and G.T.P. reported trains slightly delayed, while all trains from the south were from one to two hours behind schedule.

## TEACHERS STRIKE FOR HIGHER WAGE

London, Feb. 7.—Eighty of the 178 elementary schools in Herefordshire will be closed on Monday unless a settlement of the teachers' strike is reached at the eleventh hour.

The strike is a sequel to a three-year dispute about salaries between the teachers and the education committee. The teachers have handed in their resignations which will become effective tomorrow. Other resignations will be effective later and will effect other schools.

The teachers demand an increased scale of salaries, those now paid in Herefordshire being below the average in other counties. The national union of teachers has guaranteed the striking members full pay for five years.

ALL IN READINESS FOR PARCELS POST.

Ottawa, Feb. 7.—The post office authorities are completing final arrangements for the institution of the parcels post system on February 10. All the regulations, rate cards and so forth have been sent throughout the country, and they are regarded as being so simple in character as to avoid any trouble in starting or operating the system. The postmaster-general announces that no special stamps will be used for the parcels post. In the United States this was done at first, but was abandoned, and the department here will profit by the American experience.

## IMMIGRATION FIGURES CONCERNING BRITAIN

London, Feb. 7.—Preliminary figures relating to immigration in 1913 show that 388,813 persons previously resident in Great Britain left for destinations overseas, of whom 178,468 were men, 144,696 women, and 69,649 children. Of this total 283,663 went to other parts of the empire, and 104,150 to foreign states.

On the other hand, 86,758 British subjects arrived from abroad during the twelve months to take up permanent residence in the United Kingdom. Hence the actual emigration, represented by the excess of departures over arrivals was 302,065. The total number of British subjects (including former residents above enumerated) who left the United Kingdom for distant countries in 1913 was 463,951, the corresponding total for 1912 being 47,666.

## STEAMER SINKS IN A COLLISION.

Norfolk, Va., Jan. 30.—The steamer *Monroe*, of the old Dominion Steamship Co., sank near Winter Quarts Lightship, following a collision with the steamer *Nantuxet*, of the Merchants' and Miners' Transportation Co., at 1:30 this morning. At 3:15 o'clock the *Nantuxet* was still standing by. Aiding the boats from the *Monroe* with passengers and crew. The extent of the damage to the *Nantuxet* could not be learned.

The *Monroe* left Norfolk at 7 o'clock last evening with passengers and freight for New York, while the *Nantuxet* was bound to Norfolk from Boston with passengers and freight. The revenue cutter, *Onanadaga*, and the wrecking tug, *I. J. Merritt*, have gone to the *Nantuxet*'s assistance.

## CRISIS REPORTED ON ULSTER QUESTION.

London, Feb. 7.—The Irish question has been aroused by the announcement of a conference which took place today between Premier Asquith, the Irish secretary, Mr. Birrell, and the Nationalist leader, John Redmond. The conference is said to have lasted 80 minutes. The conference has given rise to further rumors of a crisis in connection with the Ulster question and in which again mooted by the Unionist press.

In this connection a remarkable story is told about Chief Secretary Birrell. After his speech at Bristol, January 25th, in which he said that before civil war could break out in Ulster, the world what Ulster has been offered, and what Ulster had refused, he collapsed and had to be taken home, but he enforced secrecy about his illness. After the cabinet meeting, however, Mr. Birrell wrote to the press explaining that he meant nothing more than Mr. Asquith had said in his historic Ladybank speech. This lame explanation does not serve to quiet the political storm as to the situation, and the opening of parliament is watched with keen anxiety in political circles, which seem to be utterly in the dark as to the actual situation.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases, that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by City Pharmacy. (1)

Mr. and Mrs. Fred Burns are visiting at the home of their uncle, Jas. Jefferson. They are also looking over the country with a view to settling, and may locate here.

Owing to the severe weather of last week, the special meetings were not very well attended, but Sunday night the church was full. Rev. Davies delivered a splendid sermon and Mrs. Davies favored the congregation with a solo. The meetings close this Wednesday night.

Mr. Gillis, representative of the Ingot from Mfg. Co., was soliciting business in this locality last Thursday.

The U. F. A. organization are taking care of a car of flour this week which arrived at Lacombe from Lethbridge last Saturday.

A quantity of lumber is being delivered at Rimbey from Drac's mill, which is situated on 36-44-3.

Mr. Curry is getting in a lumber yard at Rimbey. He is getting his supply of lumber from Cummings' mill.

Miss Nelson, of Chicago, en route for Pigeon Lake, where her parents live, stopped at Rimbey a few days last week.

Mrs. Cox and son, Harold, arrived home last Tuesday, after a couple of months spent at Medicine Hat with her daughter, Mrs. Kent.

One hundred hogs from Rimbey and vicinity were sold and delivered to Jack Dameron last Wednesday, the price received for them being \$7.40 per hundred.

The Girls' Mutual Benefit Club are arranging to give an entertainment at the hall on the 20th. Everybody cordially invited.

Roy Schaffer and family have moved from Lacombe to the Smith farm north of Lockhart.

**OBITUARY.**  
The late Mrs. W. B. Bunch (Lucinda Pearl Gregory) was born in West Tennessee May 28, 1833; died February 2, 1914, at Rimbey, Alta. Married to William B. Bunch July 21, 1861, at Louisiana, Mo., from which place they went to Illinois, where they remained until emigrating to Alberta in 1902, where they located at Rimbey. To this union were born eight children, four of whom are still living: Mrs. John Rimbey, of Lacombe; Mrs. Moffett, St. Louis, Mo.; Perry S. and Tapley B., both of Rimbey. The deceased and her husband became members of the Baptist church in 1876, to which faith they have remained faithful. On Sunday evening, Jan. 25th, while preparing supper, Mrs. Bunch was stricken with paralysis on the left side. Dr. Sharp was called, but owing to her advanced age, gave little hope of her getting better. Mrs. Rimbey, of Lacombe, was summoned, and she, the two sons, the husband and some of the grandchildren, together with kind neighbors, were in attendance until death relieved the sufferings, as stated above. Besides raising her children, she had the care of five of her grandchildren, who looked to her as the only mother they ever knew, and who will greatly miss her. The deceased had lived here for eleven years, and during that time had made many friends who will remember her kindly heart and motherly advice, also the great respect in which she was held, as was testified to by the large gathering at the funeral, which was conducted by Rev. Irwin, from the Methodist church, Friday, Feb. 3. Besides the husband and children, eleven grandchildren and three great-grandchildren survive her.

We take this opportunity to thank the many friends who so kindly assisted by their help and sympathy during the sickness and death of our wife and mother.

A. H. Brigham, Union Conference Treasurer, arrived Friday to be present at the biennial meeting that begins today.

John Forman and Gustav Dolder, of Loyalist, arrived Thursday to preach for the second time.

## Final Notice to Those in Arrear for Taxes

Below is published a full list of all lots in the Town of Lacombe which are subject to sale for taxes. In a few days these lots will be placed before the judge for confirmation of the taxes against them, and in addition to the great cost entailed by this action, the lots will revert to the Town of Lacombe, and the owners will be put to considerable expense to redeem them. It will pay all who have overlooked this matter to look over the list, and see if any of their holdings are included in the list. The list does not include any of the property in Hyde Park or Fairview additions, where upwards of one thousand lots are in arrears, and will be subject to the same provisions of the Towns Act as those within the municipality. The Town is not anxious to inflict the expense this action takes upon the ratepayers, but the law allows no alternative, and unless the lots are cleared within the next ten days the law comes into effect, and the owners will be put to considerable inconvenience. At present the costs are insignificant, but upwards of ten dollars on each parcel will be added. Pay up your taxes now.

## MOUNTED POLICE OFFICER TELLS STORY OF TRIP TO NORTH

The story of the dash into the bad lands of the frozen north country by the party sent from Athabasca in December to find Corporal Harper, of the mounted police, was told to a Western Associated Press representative by Superintendent MacDonald, who personally conducted the relief expedition.

Superintendent MacDonald drew the picture of the flight of Ace Huntington, a trapper, from Montana, with a 15-year-old girl, the acknowledged beauty of the district, into the barren northland, the pursuit and capture by Corporal Harper, and finally of the expedition, headed by himself, when reports reached him that the corporal had met with foul play on the trail.

Of massive frame and bronzed by wind and sun, Superintendent MacDonald, as he paced his room as though cramped for air, brought every scene in the rapidly changing chain of events as plainly into view as though thrown on a screen. He spoke of the open places as one who has lived there and loved the life. Simple and direct, his words conveyed scenes of suffering, of fatigue and hunger, ended only by the three parties, the lovers fighting for their love, and the two police parties spurred by a high sense of duty.

Ace Huntington, adventurer and trapper, became enamored of a 15-year-old girl living with her parents near Athabasca. His suit was opposed by the parents, and the couple decided to elope.

Huntington had two stacks, 35 miles apart, north of Lake Saskatchewan. Both were well supplied with provisions and it was there that they expected to spend the winter. When the mother laid a charge against Huntington of abduction, and the police took the matter up, friends of the couple warned them of the danger. As quickly as possible they made preparations for flight. Provisions and blankets were packed on their two horses and they struck west, planning to escape to British Columbia.

Hardly were they well started on their journey when they encountered heavy storms, and the deep snow made progress a difficulty. The few oats they had for the horses soon were eaten, and the animals had to rustle for their own food. Corporal Harper

### SEVERE COLD ON LUNGS AND CHEST QUICKLY RELIEVED

By Na-Dru-Co Syrup of Linseed, Licorice and Chloroform.

Two weeks ago I took a severe cold which settled on my lungs and my chest was very sore, breathing tight and severe hacking cough. I was feeling miserable. I bought a bottle of Na-Dru-Co Syrup of Linseed, Licorice and Chloroform and after a few doses I felt great relief and I went into a sound sleep, a thing I was not able to do for some nights. Next day I was able to be around again, and before completing the bottle, felt as well as ever. It is a fine cough and cold cure.

Na-Dru-Co Syrup of Linseed, Licorice and Chloroform relieves the irritation and "stuffed-up" feeling in the air passages, soothes the tickling which makes you cough, loosens the phlegm and drives out the cold before it gets troublesome.

In 50c and 50c bottles at your Druggist's, National Drug and Chemical Co. of Canada, Limited.

## MARIE LLOYD REFUSED ENTRANCE TO U. S.

Vancouver, Feb. 7.—Marie Lloyd, the English comedienne, was refused admission to the U. S. when she applied to be allowed to cross the border on the conclusion of her theatrical engagement here. The ground taken against her is "moral turpitude."

In her behalf an immediate appeal is being taken to the immigration department at Washington, disputing the right of the action of the board in Vancouver.

Miss Lloyd and her husband, Bernard Dillon, were subjected to an examination extending over nearly an hour.

**JOHN DEERE IMPLEMENTS**  
Triple Gang with Horse-Lift  
You Can Do  
33 1/3 Per Cent More Work  
Think of a man increasing his efficiency 33 1/3 per cent.  
Think of actually doing 33 1/3 per cent more work in a day than formerly.  
Think of doing all this extra work simply by adding another horse to your team.  
The work will be easier for both the man and the horse.  
Where, when it is difficult to get the most out of your team, the Triple Gang will enable you to do more work with less man and horse power.  
Do you know of any other place on the farm where you can do 33 1/3 per cent more work practically without increasing the expense?  
GAINS 16, 24 TO 28 INCHES EVERY ROUND  
The John Deere Triple Gang is made in two sizes, three 15-inch or three 16-inch plows, consequently, cuts either 36 or 42 inches.  
Consider what it means to turn a strip of ground 24 inches or more wide— a share gain from 24 to 28 inches every round over a two bottom size plow of corresponding size.

## HOCKEY

The following is what the Ed-  
monton Bulletin has to say about  
the game between Lacombe and  
South-Siders, played here lately:  
"The South-Side team of the  
northern league visited Lacombe  
on Saturday and were defeated  
by a score of 6 to 4. The South-  
Siders bring back tales of weird  
refereeing on the part of a La-  
combe gentleman, who evidently  
obtained his hockey experience in  
American football, where the for-  
ward pass flourishes. Four of the  
Lacombe goals were secured on  
flagrant offends. Manager Bailey,  
of the South-Side team, was  
judge of play, in name only, for  
any time he tried to bench a La-  
combe player the entire team  
would make a dignified retreat to  
the dressing room and refuse to  
return until Mr. Bailey's deci-  
sion was reversed. The Lacombe  
team will play a return game at  
the South-Side rink in the near  
future, when things will be differ-  
ent."

On Thursday night last Castor  
played their last game in the  
league here with Lacombe, and  
were defeated by a score of 8 to 3.

**CALGARY EASY FOR LOCALS**  
On Saturday night the 103rd  
Regiment (Calgary) hockey team  
tried conclusions with the locals  
and proved easy pickings. There  
was a fair crowd present, and  
it was thought by those who  
claim to know all about it that  
they were going to see a game  
that would make the locals go  
home to win, but were disap-  
pointed in the ability of the Cal-  
gary team. Although the visi-  
tors played a fairly good game,  
and probably are fast enough for  
most of the teams in the hot air  
town to the south, they are  
simply not in the Lacombe class  
as hockey players. The locals  
started in from the time the puck  
was faced to win, and there was  
no let up until the last 20 min-  
utes, when they eased up and al-  
lowed Calgary to score two  
goals. Their combination work  
was good and with such playing  
even the Chinooks or Bonhoms  
would go down to defeat.  
"Slim" McCue, although not  
fast on his feet, has been some  
player in his younger days, and  
when he got the rubber it was  
not easy to get it away from

him. Bodychecking had no ef-  
fect, as the checker would bounce  
off him like a rubber ball, and the  
only way to down him was to  
trip him up. It was a clean and  
sportsmanlike game, the only  
penalty handed out being to  
Fleming. The score at full time  
was 8 to 3.  
During the lapse between the  
second and third twenty minutes,  
two well-known young men of  
town, whose initials are "M"  
and "W," entertained the spec-  
tators to a "stag waltz," which  
was greatly enjoyed by them-  
selves.

**OUR BOYS.**  
("Marching Through Georgia.")  
Our boys are on the hockey ice,  
They're gathered for the fray,  
The footers yell as in the air,  
We've come to win the day.  
We know the game of hockey,  
And we'll show them how to  
play,  
While we are cheering Lacombe  
boys.

**CHORUS.**  
Hurrah! Hurrah! We'll rush the  
puck along,  
A dodge, a pass, we'll slip right  
through the throng,  
No line can stop our fellows  
In their rushes force and strong,  
While we are cheering Lacombe  
boys.  
Our players everyone are made  
Of heads and muscles tough,  
Life combination always works

For they are up to snuff;  
We'll show the Castor fellows  
That they're not quite good  
enough,  
While we are cheering Lacombe  
boys.

Just watch our left wing take  
the puck,  
This time you'll see some fun;  
Coronation's rattled  
And he makes another run;  
Like lightning down the ice he  
goes.  
Another goal is won,  
While we are cheering Lacombe  
boys.

We have a mortgage on which  
\$3,000 is still due, payable \$500  
half yearly, interest 5 per cent.,  
to trade for Lacombe or farm  
property; clear title preferred.—

**The Gas Well**  
Frank Vickerson reports good  
progress in raising the money for  
the sinking of a gas well in La-  
combe, the citizens in general re-  
sponding liberally to his canvass  
for subscriptions. On Friday  
last in a few hours he secured  
subscriptions to the amount of  
nearly two thousand dollars, and  
has promises of nearly as much  
more. When the canvass of the  
town is finished, the balance of  
the stock will be disposed of in  
Medicine Hat, where a number of  
gentlemen interested in the gas  
business have signified their de-  
sire to take up any stock that  
cannot be disposed of locally.

In the near future the company  
will apply to the town for a ten  
year's franchise, and as the  
prices they are offering are so  
low, there is no doubt that it  
will be granted. A vote will  
have to be taken on the question,  
however, and before this is done,  
the citizens will be fully in-  
formed on all matters connected  
with it.

Wanted: An unlimited number  
of farmers to insure their build-  
ings in the strongest Farmers'  
Mutual Insurance Company on  
the continent; no payment re-  
quired down; rates on either as-  
essment or cash plan; cheapest  
in Western Canada; protection  
absolute.—Jesse Fraser Agency.

## Pay Your Taxes

The Town Clerk is now busy on  
the enforcement return, which  
will be confirmed by a judge with-  
in the next few days. Those in  
arrears on the tax roll will do  
well to pay their taxes at once,  
as costs amounting to at once  
the neighborhood of ten dollars will  
be added immediately the judge  
takes over the list and signs the  
order.  
Mr. Tett also advises the West-  
ern Globe that still further re-  
duction in the cost of electric  
light will take effect on April 1st,  
a greater discount being allowed  
for prompt payment before the  
tenth of each month.

## Masquerade Ball

The Ladies' Aid of St. Steph-  
en's Church are to be congrat-  
ulated on the unqualified success  
of the masquerade ball on Thurs-  
day evening last. About two  
hundred masqueraders were pre-  
sent, and many of the costumes  
were of a very high class.  
The judges had a hard time in  
awarding the prizes, but did so  
to the satisfaction of all. Miss  
Simpson captured first prize, as  
a cowgirl; Mrs. Cameron second  
as a Japanese lady; Mrs. Winter  
third as a Highland lassie. In the  
men's competition, C. Wilson, as  
the great big blue-eyed Dutch  
baby, easily took first, with Mr.  
Bird second, and Fiji Islander  
third.  
The music was good, the floor  
was in excellent condition and  
the supper was greatly enjoyed by  
all.

Wanted—Good quarter or half  
to trade for \$5,000 house in  
choice part of Calgary, rents at  
\$40 per month.—Jesse Fraser  
Agency. (F11-2c)

## LACOMBE TEAM DIVIDED

Frank McCue's bowling quin-  
ette visited the Olympic alleys,  
Edmonton, on Saturday, and par-  
ticipated in six games, three of  
which were victories. It will be  
remembered the Lacombe bowlers  
made a very creditable showing  
at the last provincial tourna-  
ment, so it was no surprise that  
they made the Edmonton teams  
go the limit on Saturday.  
In the afternoon, Edmonton put  
a strong team on the alleys, but

went down to defeat in two out  
of the three games. The visitors  
compiled a very creditable score  
in the middle game, totalling 915  
of which McCue got 208, and  
Taylor 205. Miller, the "town  
constable," contributed a timely  
188.

Tom McCallum was high man  
for the locals with 536, the only  
other Edmonton bowler to reach  
the 500 mark being Gardner,  
with 514. McCue 544, and Tay-  
lor 518, were high for Lacombe.  
In the evening Edmonton put a  
very strong team against La-  
combe, and succeeded in winning  
two out of the three. The scores  
in the first two games were fair-  
ly close, but in the third the lo-  
cals came away, bowling the large  
total of 946, to Bolton's 214,  
Gossnell's 204, and Ross' 189.

Blackett was high for the even-  
ing with 556, having three good  
games. Gossnell totalled 543 and  
Bolton 519. Taylor was the only  
member of the visiting team to  
reach 500, his total being 537.

**MISSIONARY FAR AWAY**  
**ASKS BURIAL IN ALBERTA**  
Lethbridge, Feb. 7.—Rather  
than be buried in the chilly north  
of Sweden, among strangers, Gus-  
tave T. Anderson, a missionary of  
the Mormon church, made a re-  
quest to have his body brought  
back to "Sunny" Southern Al-  
berta for burial, and Thursday  
morning the remains arrived af-  
ter having travelled close to 8,000  
miles by land and water.  
The deceased lived at Taylors-  
ville, southwest of Cardston, and  
close to the boundary, prior to  
going upon his mission for the  
Latter Day Saints church. A  
couple of his brothers still reside  
there, and it is because it was  
home to him, that the unfortun-  
ate young man made the request  
that he be taken to the last  
great west for burial.  
Anderson left just one year ago

## Damron's Sales

C. F. Damron, of Bentley, auc-  
tioneer, will be a busy man this  
spring if business keeps on as at  
present. His fame as a farm  
stock seller has spread to all  
parts of the district, and as a  
consequence he is kept on the  
jump nearly every day. The fol-  
lowing is a list of his sales in the  
near future, and plenty more will  
follow:

February 18—At J. T. Ryan's,  
Blackfalds.  
February 19—At F. Symond's,  
4 miles south of Rimbey.  
February 20—Judicial Sale of  
farmlands in Bentley.  
February 21—At A. L. Boyer's,  
1 mile south of Wittenburg.  
February 23—At A. W. Wil-  
son's, 7½ miles south of Clive.  
February 25—At D. Huddins',  
1½ miles east of Clive.

March 4—At J. V. Doak's, 3  
miles east of Clive.  
These are all sales of general  
farm stock and implements, and  
many valuable animals will be  
disposed of without reserve. Lib-  
eral terms are being given in  
every case. See bills for further  
information. If you think of  
holding a sale this spring, send  
Mr. Damron word now and secure  
a date.

\$8,000 business block in Van-  
couver, renting at \$50 per month,  
to trade for horses, cattle, sheep,  
and grain.—Jesse Fraser Ag.

**A WINTER REVERIE.**  
(Dedicated to Mr. A. W. Archi-  
bald, Sr.)  
I saw the moon so broad and  
bright,  
Sailing high on a frosty night;  
And the air swung far and far be-  
tween  
The silver disk and the orb of  
green.  
And here and there a whisp of  
white  
Cloud-film swam on the misty  
light;  
And crusted thickly on the sky,  
Higher and higher and yet more  
high,  
Were golden star-points, dusted  
through,  
The great, wide, silent vault of  
blue.  
Then I bethought me God was  
great  
And the world was fair, and so,  
elate,  
I knelt me down and bent my  
head,  
And said my prayers and went to  
bed.  
AUGUSTINE EDMUND.

upon his mission for the church,  
and took up his station at Lulea,  
Sweden, the furthest north city  
in that country.

## CHARGED WITH MURDER

FOUR YEARS AGO AT LIL-  
LOOET.  
Vancouver, Feb. 8.—Charged  
with the murder of Archie This-  
verge, at Gun Creek, Lillooet, on  
May 30, 1909, Benjamin A.  
Blackley, a young Montana min-  
er and rancher, was conveyed  
through the city yesterday by  
Chief of Police Burr, of Ashcroft.  
Blackley was arrested at Butte,  
Mont., some weeks ago, four  
years after the alleged crime.  
Blackley is alleged to have shot  
his partner Thiverge, in a quar-  
rel. He is said to have made his  
escape by scaling the mountains  
which separate Lillooet from the  
sea, and to have got away in a  
vessel.

ning, on Sec. 17, Tp. 41, R.
